

# DORADO N70

NORDIC LIGHTS® Dorado N70 is a versatile tail light, combining tail, stop, and indicator lights all in one unit. The Dorado N70 can be mounted on most vehicles, and mounting is a snap since this is a telltale compatible light, just plug & play. The Dorado N70 is durable against both vibration and shock.

Not all products are available in all markets. During continuous improvement specifications and design are changing. All values are nominal values. Illustrations do not necessarily show the design of every version and some features are version specific. The lumens output varies depending on lens colour.
